PERSONAL PROFILE

I'm a B.Sc. Computer Science with Cognitive Systems student with strong fundamentals in SQL and database management along with basic programming knowledge. Seeking an opportunity to contribute analytical and technical skills while gaining practical industry experience.

SKILLS AND ABILITIES

Technical Skills: SQL | Python (basic) | Java (basic)

Soft Skills: Communication | Teamwork | Problem Solving | Time Management | Quick Learning

INTERNSHIP

NCS India Software Private Limited | U.S. Supply Chain Experts

May 2025

I completed a 10-day internship at NCS , where I gained hands-on exposure to SQL fundamentals. During the internship, I worked with database tables and practiced writing basic SQL queries . I also developed an understanding of warehouse data management concepts and improved my ability to retrieve and filter data effectively using SQL queries.

ACADEMIC PROFILE

Institute / School

CGPA / Percentage

SRI KRISHNA ARTS AND SCIENCE COLLEGE 2023 – Present

CGPA: 8.0

B.Sc. Computer Science with Cognitive Systems

NIRMALA MATHA MATRIC HIGHER SECONDARY SCHOOL 2022– 2023

71.83%

12th Computer Science with Maths ,Physics and Chemistry

PROJECT

Smart Attendance System Using Face Recognition

- Developed an based Smart Attendance System using Python and OpenCV to automate student attendance through real-time face recognition.
- Implemented facial data matching with Flask/Django and MySQL, reducing manual errors and preventing proxy attendance while improving efficiency.

CERTIFICATIONS

Introduction To Data Science (Coursera) - 2024

RDBMS test (Spoken Tutorial) - 2025

ACHIEVEMENTS

National Mathematics – Secured 3rd place in the event .
